

SUSTAINABILITY POLICY

Our Sustainability Mission

REGNUM HOTELS's mission is to provide our guests with the highest comfort and service quality while preserving our natural environment and contributing to our community. Sustainability is an integral part of our business approach, and we bear the responsibility of leaving a better world for future generations.

Our Sustainability Vision

Our vision is to build a sustainable future. By embracing principles and practices of environmental, social, and economic sustainability, we aim to continue providing our guests with an unforgettable accommodation experience while growing in a respectful manner towards the environment and society.

Our Sustainability Commitments

Environmental Sensitivity: REGNUM HOTELS commits to efficient use of natural resources and minimizing waste. By continuously monitoring electricity, water, and energy consumption, we will seek innovative solutions to reduce environmental impacts. We will also strive to support the preservation of natural habitats and wildlife.

Social Contribution: We pledge to add value to our community by supporting local communities, prioritizing local businesses, and engaging in initiatives that support education, health, and cultural projects. We will work towards contributing to the preservation of local cultures.

Guest Awareness: We aim to raise awareness among our guests about sustainability and encourage their participation. By sharing our sustainability practices, we will assist guests in reducing their environmental footprint.

Employee Engagement: We encourage our employees to contribute to our sustainability goals. We will involve our employees in this process through training, awareness campaigns, and feedback mechanisms.

Continuous Improvement: We will regularly review and improve our sustainability policy. We will seek innovative solutions and make continuous efforts for a more sustainable way of doing business.

This policy reflects REGNUM HOTELS's commitment to sustainability. We emphasize our responsibility to contribute to a sustainable future and will continue to communicate these commitments to each of our employees, guests, and business partners, contributing to a sustainable future.
