## Welcome to THE NATIONAL GOLF COURSE

Since the opening of the National on 18th November 1994, the Club house has become a popular tourist destination attracting golfers from all corners of the world and it has taken only six years to win international recognition in the year 2000 rankings of UK's Golf world magazine as the number 42 and in the year 2001 rankings' as the number 39 golf course in mainland Europe, in Germany's Die Welt magazine as the number 9 golf course on the European Mediterranean coasts in 2000 and also, has been rated 16<sup>th</sup> best golf course in the world by readers of Germany's Golf Journal magazine in March 2002.

The 18 hole Championship Course, designed by Ryder Cup Player David Feherty and Seniors Tour Player David Jones, has played host to the PGA European Turkish Seniors Open in 1996 and 1997. The National is the first golf course on Turkish Mediterranean, which has been developed with the guidance and in accordance with the standards determined by European PGA and is open to members and day visitors. Carved through a forest of eucalytus and pine trees with the back-drop of the snow capped Taurus mountains and an abundance of natural lakes, the National tests all abilities of players. The unique 9 hole Executive Course which suits any standard of golfer, with its wide tree lined holes and water coming into play on several of the tee shots. The Executive Course gives you an excellent "warm-up" opportunity in which to practice your short game skills.

The both courses have been constructed by top American international constructors; and compliment extensive practice facilities and fully serviced Clubhouse. This, coupled with an international management team and PGA golf professionals, ensure that the National rightly takes its place as the leader in Turkish golf, and can put many traditional European competitors to shame.
